

HUMAN TRAFFICKING AWARENESS

MONARCH HIGH SCHOOL

WHAT IS HUMAN TRAFFICKING?

Human trafficking, also known as trafficking in persons, is a crime that involves compelling or coercing a person to provide labor or services, or to engage in commercial sex acts. The coercion can be subtle or overt, physical or psychological. Exploitation of a minor for commercial sex is human trafficking, regardless of whether any form of force, fraud, or coercion was used.

Florida ranks 3rd in the country in human trafficking, and it happens right here in Broward County. The average age of human trafficking victims is 13, which means it could be happening right around us and we don't even know it. Children are recruited at school, by their peers, and in ALL neighborhoods and from ALL walks of life. Our goal of this project is to share how prevalent this issue is and why it's important to spread awareness.

PROJECT IDEAS

RED SAND

Red Sand Project is a way to raise awareness for Human Trafficking! Red Sand is used to fill cracks in the pavement and sidewalk to represent that we will not allow people to slip through the cracks of human trafficking in our community!

The sand is free to order on the Red Sand Project website!

RIBBON CAMPAIGN

On the first day of our Human Trafficking Awareness week we will pass out blue ribbon pins to students in the morning! We will then spread the purpose of the ribbon during the morning announcements!

PROJECT IDEAS

AWARENESS DAY

On the second day of our awareness week, we plan to have a blue spirit day! This will represent our community's support for human trafficking by wearing the awareness colors!

POSTER STORIES

One of the best ways to raise awareness is by showing real life examples. We plan to create multiple large posters showcasing survivors stories around school so that students can read and learn more about how common human trafficking is, especially in our local community.
